

ARTQ ORGANICS

Made in Japan

A COSMOS ORGANIC certified skin care line, created with
100% natural components, originating from over 70
organically certified ingredients

“ ARTQ ORGANICS –More Than Skin Deep- “

A fragrance that touches you deeply can call forth a change in you... body and mind” That has been our philosophy since the year 2000, creating products from pure ingredients, at optimal temperatures, and in pursuit of that special fragrance. Improving the condition of your skin is not just a cosmetic process. It is more about the balance of mind and body. This fine balance will assist to maintain clear and smooth skin. The mind and body influence and balance each other to maintain equilibrium. At Aromatique Organics, we pay close attention to the changes in this balance to help you to take care of your skin. Over time, we have built our own networks for procuring choice, organically certified ingredients. The harmony created between our herbal producers and our team of specialists, in selecting quality materials, preparing formulae and developing products, is a testament to our passion to offer you only the best products. We design a fragrance with ingredients to ensure the perfect balance between mind and body. Skincare is about tuning in to your instincts, listening to your body through your skin, all the way to your heart. It is the sense that reminds us that we are part of nature. These are the ideas behind our organically certified cosmetics line, “More Than Skin Deep”

■ Content of Organic Components

None of the ARTQ ORGANICS products contain any water, as all of our formulations are made only with organic hydrosols. The organic content of products of most other brands are listed as the content without the water contained, as water cannot be organically certified. At ARTQ Organics, we list the organic content of all components within the product. Each of the products boasts an extremely high content of 100% naturally derived ingredients, resulting in formulations that meet the requirements of USDA & COSMOS ORGANIC certification at a high level..

■ Our Promise to our Customers

- None of our products contain any chemical surfactants, chemical preservatives and petroleum based components.
- None of our products contain any synthetic fragrances, ingredients or materials.
- None of our products contain any animal products or materials, genetically-modified ingredients or carcinogenic materials.
- None of our products are tested on animals.
- All of our products are certified by an organic certification audit system, conducted by an independent third party governing body.
- Our products utilize airless containers that ensure vacuum sealing.

Azusa Annells

CEO of Blue ink Incorporated / COO of ASK Co. Ltd.

Global Organic Formulator

Professional Aromatherapist

Currently enrolled in the doctoral course of Hirosaki University, School of Medicine, Department of Reproductive Pathophysiology (Gynecology & Obstetrics), Doctorate Course

Attended the Institute of Traditional Herbal Medicine and Aromatherapy in Great Britain for 3 years to study in the Clinical Aromatherapy Course, specializing in Pregnancy & Childbirth and Complementary Therapies.

Traditional Herbal Medicine and Aromatherapy (ITHMA) Diploma/ITHMA Aromatherapy in Pregnancy and Labour Post Graduate Certificate/ITHMA Field Study of Aromatic Plants Advanced Certificate/Massage in Pregnancy, Labour and Post Partum/Essential Oils and Products Blending Course/ ITHMA Aromatic Indian Head Massage Certificate.

After returning to Japan she established AROMATIQUE Ltd., the predecessor of Blue ink Incorporated in the year 2000. Promoting labour care incorporating aromatherapy concepts within a gynecology & obstetric environment, Azusa held seminars and lectures for both health professionals and the general public. She has been selected as the exclusive formulator by many large organisations, public figures and celebrities, as well as the formulator for the Hollywood film "PERFUME". Azusa is a pioneer in the field of essential oil blending in Japan.

Azusa then commenced her engagement with Roppongi Hills "TOUCH" to utilize aromatherapy concepts for the product development of bathroom and linen products, as well as bathroom aromatherapy consulting, and her involvement with spa management marketing for ATAMI SEKITEI. She has been an advisor and consultant for aromatherapy related products for various spas, enterprises and organisations, as well as a column writer for numerous newspapers and magazines. Azusa has established her own school of aromatherapy for the training of aromatherapy concepts and spa therapy & spa management. She has traveled globally for the past 18 years to carefully select organically certified ingredients for the manufacturing of essential oils and skin care products, and to work towards further aromatherapy product development.
